RESIDENT NOTIFICATION

DATE: March 21, 2022

RE: Coraopolis Water Main and Lead Line Replacement– Main Street (6th Ave to Neely Heights Ave) & Ridge Ave (51 to Vine St)

Dear Resident,

The Coraopolis Water and Sewer Authority has contracted with Jet Jack, Inc. for construction work on water lines, including main line and individual service lines within the above project area.

The work will commence on **Wednesday, March 23rd at 7:00 am**. Working hours will occur from 7:00 am to 7:00 pm Monday through Friday with Saturday to be used as a make-up day if inclement weather is encountered during the week. **The street will be posted in advance for no parking as needed. Vehicles that do not obey signs may be towed at the owners expense.**

During this time, crews will begin exposing existing water service lines in areas outside the roadway to determine their existing material. In the event that a service is observed to be of lead construction, you will be contacted by the Authority regarding its replacement during this project. You will not be contacted if your service is not of lead construction. All disturbed areas will be restored by Jet Jack, Inc. such as lawns, sidewalks and driveways.

You will begin to see utility companies marking the streets, sidewalks and possibly installing marking flags on your property. Please do not remove or alter these marks for the duration of the project. In addition, property owners are encouraged to mark or contact us concerning privately owned underground facilities such as heated driveways, irrigation systems, or underground dog fencing. Jet Jack, Inc. will not be responsible to repair damage to private underground utilities if we are not notified of their existence.

We understand that this is a short-term inconvenience and hope to work together with you in a professional and amicable manner for the long-term improvement of your neighborhood.

Should you have any questions regarding this notice or questions about the construction project in general, feel free to contact Jet Jack, Inc. at the above number. Thank you in advance for your patience and cooperation during the project.

Sincerely,

Jet Jack
